## ABOUT ECOVADIS

---

EcoVadis provides the leading solution for monitoring sustainability in global supply chains. Using innovative technology and sustainability expertise, we strive to engage companies and help them adopt sustainable practices.

### Our Mission

To reliably assess companies' sustainability performance, providing them with comprehensive feedback, benchmarking and tools allowing them to embark upon a journey of continuous improvement.

### Our Expertise

- Sustainability: our team of international sustainability experts analyze and crosscheck companies' data (supporting documents, 360° Watch Findings, etc.) in order to create reliable ratings, taking into account each company's industry, size and geographic location.
- Innovative technology: we offer access to web-based solutions, where companies can access the EcoVadis Scorecard and share information. These are highly secure online solutions which guarantee the safety of our users' data.

### Our Methodology

The EcoVadis methodology is based on international sustainability standards (Global Reporting Initiative, United Nations Global Compact, ISO 26000), and supervised by a scientific committee of sustainability and supply chain experts, to ensure reliable thirdparty sustainability assessments.

### Our Users

- Thousands of companies use the EcoVadis Ratings platform every month to respond to sustainability assessment requests from customers, set and maintain corrective action plans and centralize sustainability-related documents. We currently have 50,000 subscribers, spread across 150 countries and 190 industries.
- Over 300 multinational companies use EcoVadis to monitor the sustainability performance of their trading partners, including:
